

Acenra AI Employee Code of Conduct

1. Integrity and Ethics

- **Compliance with Laws:** Employees must adhere strictly to all national and international laws applicable to Acenra AI's operations.
- **Ethical Standards:** Conduct business ethically, honor commitments to stakeholders, and reject corruption in all forms.

2. Respect in the Workplace

- **Diversity and Inclusion:** Foster an inclusive workplace where all employees are respected, regardless of background, ethnicity, or belief.
- **Harassment-Free Workplace:** Maintain a work environment free from all forms of harassment and discrimination.

3. Confidentiality and Privacy

- **Information Security:** Protect sensitive company and client information, following cybersecurity best practices.
- **Privacy Rights:** Respect personal data privacy in line with global data protection regulations.

4. Conflict of Interest

- **Avoiding Conflicts:** Avoid personal or financial interests that conflict with company responsibilities.
- **Disclosure:** Employees must transparently disclose potential conflicts of interest.

5. Protecting Company Assets

- **Asset Management:** Use company assets, including physical and intellectual property, responsibly and for business purposes only.
- **Sustainability Initiatives:** Engage in sustainable practices to minimize environmental impact.

6. Quality and Safety

- **Quality Commitment:** Ensure the highest standards of quality and safety in all products and services.
- **Safety Regulations:** Comply with all health and safety laws and internal policies.

7. Corporate Social Responsibility

- **Community Engagement:** Participate in community service and philanthropic activities.
- **Ethical Research Practices:** Conduct research responsibly, ensuring fairness and care for all participants.

8. Reporting and Accountability

- **Transparency:** Foster a culture where ethical concerns can be reported without fear of retaliation.
- **Accountability:** Adhere to this code with clear consequences for violations.

Implementation and Oversight

- **Training:** Provide regular training to ensure understanding and implementation of this code.
- **Monitoring:** Continuously monitor compliance and update the code as necessary.

This Code of Conduct serves as a guiding framework for all employees at Acenra AI, ensuring responsible innovation and ethical business practices.
