

Acenra AI Password Policy

1. Purpose This policy establishes guidelines for creating, maintaining, and securing passwords to protect Acenra AI's systems, networks, and data. It is a fundamental part of the organization's cybersecurity framework.

2. Scope This policy applies to all employees, contractors, and third-party personnel with access to Acenra AI's digital assets, including internal and external systems.

3. Policy Requirements

- **Password Complexity:** Passwords must be at least 12 characters long and include:
 - Uppercase letters (A-Z)
 - Lowercase letters (a-z)
 - Numbers (0-9)
 - Special characters (e.g., !, @, #, \$)
- **Password Uniqueness:** Users must create unique passwords that have not been used in the last 12 password changes.
- **Password Confidentiality:** Passwords must not be shared, written down, or stored in an unencrypted format.

4. Password Changes

- **Routine Changes:** Passwords must be updated every 90 days.
- **Mandatory Changes:** Users must change their passwords immediately if a compromise is suspected.
- **Temporary Passwords:** System-generated temporary passwords must be changed upon first login.

5. Password Storage and Management

- **Secure Storage:** Passwords must not be stored in plaintext. Approved encrypted password managers should be used.
- **Avoid Common Passwords:** Weak passwords such as "password," "123456," or "qwerty" are strictly prohibited.

6. Multi-Factor Authentication (MFA)

- **MFA Implementation:** MFA is mandatory for accessing sensitive systems, such as financial data and administrative accounts.
- **MFA Methods:** At least two factors must be used, including something you know (password), something you have (security token), or something you are (biometric verification).

7. User Training and Awareness

- **Education:** Employees will receive training on password best practices and cybersecurity awareness.
- **Awareness Campaigns:** Regular security campaigns will reinforce the importance of password security.

8. Compliance

- **Monitoring Compliance:** The IT department will conduct regular audits to ensure adherence to this policy.
- **Violations and Penalties:** Non-compliance may result in disciplinary action, including suspension or termination.

9. Policy Review and Updates

- **Annual Review:** This policy will be reviewed annually and updated to address emerging security threats and technological advancements.

Acknowledgment All personnel must acknowledge that they have read, understood, and agreed to comply with Acenra AI's Password Policy as a condition for accessing company systems.

This policy is essential for maintaining the security and integrity of Acenra AI's digital assets and protecting against unauthorized access.
